

Lockdown rules in Leicester and surrounding areas

At the moment there are a lot of people in Leicester and surrounding areas with COVID-19 (coronavirus) infections.

Because of the high number, the Government have brought back lockdown to this area.

Shops will close (except food shops) from Tuesday 30th June.

Schools will close for most students from Thursday 2nd July. They will stay open for children whose parents do important jobs.

People should stay at home and not travel.

Pubs, cafes, hairdressers and cinemas will stay closed in Leicester City and outskirts.

People who are vulnerable and need 'shielding' because they have health conditions should continue to stay at home.
